Docket HWCA 2007-1408

CONSENT ORDER

Health and Safety Code
Section 25187

The State Department of Toxic Substances Control (Department) and KYO Computer, Inc. (KYO) (Respondent) enter into this Consent Order and agree as follows:

1. Respondent treats cathode ray tube (CRT) materials and dismantles universal waste electronic devices (UWEDs) at the following site: 38505 Cherry Street, Newark, California 94560 (Site).
2. The Department inspected the Site on August 22 and August 23, 2006.
3. The Department alleges the following violations:
 - 3.1. Respondent violated California Code of Regulations, title 22, sections 66273.83(a)(1) and (a)(2) by failing to manage CRTs in a manner to prevent release and to contain CRTs in structurally sound containers. On or about August 22, 2006, KYO accumulated CRTs in eight Gaylord boxes that showed evidence of damage. Damage at the corners of the boxes allowed CRT glass shards, hazardous for lead, to leak into the surrounding area.
 - 3.2. Respondent violated California Code of Regulations, title 22, sections 66273.83(b)(1) and (c)(1) by failing to handle CRTs in a manner to prevent

breakage. On or about August 22, 2006, KYO employees threw CRTs into Gaylord boxes, causing needless glass breakage. The CRTs were thrown into the boxes after removal of the yoke and casing.

4. The parties wish to avoid the expense of litigation and to ensure prompt compliance.

5. Jurisdiction exists pursuant to Health and Safety Code section 25187.

6. Respondent waives any right to a hearing in this matter.

7. This Consent Order shall constitute full settlement of the violations alleged above, but does not limit the Department from taking appropriate enforcement action concerning other violations.

8. Respondent admits the violations described above.

SCHEDULE FOR COMPLIANCE

9. The violations described in section 3 have been adequately corrected or addressed and no further action is required of the Respondent with respect to the violations.

Any deadline in this Consent Order directly affected by a Stop Work Order under this section shall be extended for the term of such Stop Work Order.

10.6. Notwithstanding compliance with the terms of this Consent Order, Respondent may be required to take further actions as are necessary to protect public health or welfare or the environment.

10.7. Site Access: Access to the Site shall be provided at all reasonable times to employees, contractors, and consultants of the Department, and any agency having jurisdiction. Nothing in this Consent Order is intended to limit in any way the right of entry or inspection that any agency may otherwise have by operation of any law. The Department and its authorized representatives may enter and move freely about all property at the Site at all reasonable times for purposes including but not limited to: inspecting records, operating logs, and contracts relating to the Site; reviewing the progress of Respondent in carrying out the terms of this Consent Order; and conducting such tests as the Department may deem necessary. Respondent shall allow the Department and its authorized representatives to take duplicates of any samples collected by Respondent pursuant to this Consent Order. Respondent shall maintain a central depository of the data, reports, and other documents prepared pursuant to this Consent Order. All such data, reports, and other documents shall be preserved by Respondent for a minimum of six years after the conclusion of all activities under this Consent Order. If the Department requests that some or all of these documents be preserved for a longer period of time, Respondent shall either comply with that request, deliver the documents to the Department, or permit the Department to copy the documents prior to destruction. Respondent shall notify the Department

10.11. Extension Requests: If Respondent is unable to perform any activity or submit any document within the time required under this Consent Order, the Respondent may, prior to expiration of the time, request an extension of time in writing. The extension request shall include a justification for the delay.

10.12. Extension Approvals: If the Department determines that good cause exists for an extension, it will grant the request and specify in writing a new compliance schedule.
